January 28, 2021

Return to In-person service coming soon!!

We are so excited to announce that soon, families will be able to return to in-person service delivery for youth enrolled in High Fidelity Wraparound! The federal authority guidelines in Appendix K outlined telehealth services only for High Fidelity Wraparound per the request of the State of Wyoming is expiring on February 28, 2021. This means starting March 1, 2021, providers and families will have the choice to conduct High Fidelity Wraparound either in person or via telehealth or a combination of both.

Families are encouraged to follow all of the guidelines distributed by the [Centers for Disease Control](#) and your local county public health departments regarding personal protective equipment and vaccinations.

Leap into Science: Light and Shadow Curriculum

We invite you join a free virtual training on the Leap into Science curriculum, brought to you by the Wyoming Afterschool Alliance, the Wyoming State Library and the Wyoming Alliance for Environmental Education. The topic for these trainings is Light & Shadow.

- Monday, February 1 from 10am-12pm: For afterschool educators
- Tuesday, February 9 from 3:30-5:30pm: For early childhood educators

Please join us for any of the three free Light & Shadow trainings that fit your schedule. Note that each training will address the different program needs of the specific audience. Register for the event by contacting the Wyoming Afterschool Alliance at 307-721-8300.

[Leap into Science](#) is a nationwide program developed by [The Franklin Institute Science Museum](#) that integrates open-ended science activities with children's books, designed for children ages 3-10 and their families. The program empowers educators to offer workshops in community settings like

libraries, museums, out-of-school time programs, and early childhood programs to engage underserved audiences in accessible and familiar settings.

We're accepting youth referrals

Do you know a young person age 4 to 20 who would benefit from additional support? Would it make a difference if they could be more successful at home, school and in their community?

Wyoming's High Fidelity Wraparound program can help if:

- A free program makes sense for the youth and their family.
- Additional mental health or behavior support is needed.
- Youth who currently are, or could be, Medicaid eligible.
- Youth is at risk for being placed out of their home in hospital or detention.

Youth and their care givers would benefit from having a team of support. Learn more by completing our [Referral Form](#) or visiting our [website](#).

Our program is growing

If you have ever wanted to help youth with complex mental health or behavioral health concerns, you can become a provider by visiting our [Become a Provider](#) page. We are always looking for more experienced and caring people to join forces with us to meet the needs of youth across Wyoming. Do you know anyone who would be great at this? Refer them to work with us.
