## What's your WY? series launches

Several people have submitted stories and photos featuring their why. Here are some examples:

## What's your WY?

### Why do I work in Wyoming's High Fidelity Wraparound?

My husband, bonus daughters and my two little ones are my #1 priority. As with any blended family, my family has worked hard to come together and identify the common thread that binds us together.

I'm so thankful for the opportunity to reinforce strengths in other families across the state of Wyoming.

### Why do I work in Wyoming's High Fidelity Wraparound?

I wanted to be able to provide options for families to cope with the complexities of life. Wraparound helped my family face challenges and remain together. I want that for others.

### We're accepting youth referrals

Do you know a young person age 4 to 20 who would benefit from additional support? Would it make a difference if they could be more successful at home, school and in their community?

Wyoming's High Fidelity Wraparound program can help if:

- A free program makes sense for the youth and their family.
- Additional mental health or behavior support is needed.
- Youth who currently are, or could be, Medicaid eligible.
- Youth is at risk for being placed out of their home in hospital or detention.

Youth and their care givers would benefit from having a team of support. Learn more by completing our [Referral Form](#) or visiting our [website](#).
