We're accepting youth referrals

Do you know a young person age 4 to 20 who would benefit from additional support? Would it make a difference if they could be more successful at home, school and in their community?

Wyoming's High Fidelity Wraparound program can help if:

- A free program makes sense for the youth and their family.
- Additional mental health or behavior support is needed.
- Youth who currently are, or could be, Medicaid eligible.
- Youth is at risk for being placed out of their home in hospital or detention.

Youth and their care givers would benefit from having a team of support. Learn more by completing our [Referral Form](#) or visiting our [website](#).

Our program is growing

If you have ever wanted to help youth with complex mental health or behavioral health concerns, you can become a provider by visiting our [Become a Provider](#) page. We are always looking for more experienced and caring people to join forces with us to meet the needs of youth across Wyoming. Do you know anyone who would be great at this? Refer them to work with us.
